Planning Imperative:

The current State budget crisis has resulted in an unprecedented urgency to plan for and submit the 2009/10 Annual Update in a timely fashion. As a result of recent communications with the State of California Department of Mental Health and recommendations from the Mental Health Board all planning activities are intended to be complete within a two week time period. San Joaquin County intends to submit the 2009/10 Annual Update by April 31, 2009 in order to assure the timely receipt of anticipated MHSA funding.

Consumers and Family Members:

San Joaquin County recognizes and appreciates the deep impact the participation of consumers and family members has made to prior planning efforts. We respectfully request that you join us again to make your voice heard. Your words, wisdom and experience are an enormous asset to the planning process. Thank you for your ongoing participation, we look forward to listening to you.
